### Notice period

### Severance payment

The service agreement of Mr Pynenburg contains severance provisions which provide for compensation for the loss of income resulting from a termination of employment at the initiative of the company, of six months' gross base compensation, subject to certain conditions such as that the termination is not based on seriously culpable acts or negligence on his behalf. The contractual severance amount will replace or be subtracted from any statutory or other severance payments.

### Variable remuneration

Mr Pynenburg is eligible to participate in the company's LTI and STI programmes. The STI allows Mr Pynenburg to receive annual awards in cash under the company's Short Term Incentive Plan for Managing Directors as amended from time to time, subject to the approval of the Supervisory Board in accordance with the Remuneration Policy. The 'at target' gross amount of STI shall be 15% of the gross annual base fee with a bandwidth of 5% (if threshold performance is met) – 25% (if maximum performance is met). Under the company's LTI, the value of the 'at target' number of Performance Shares may be set at any percentage below or equal to 40% of the gross annual base fee at the start of the performance period (the At-Target Level). Subsequently, Mr Pynenburg may be entitled to an award under the LTI within a bandwidth of (i) 10% lower than the At-Target Level; and (ii) 10% higher than the actual At-Target Level, taking into account the value of a fully paid ordinary share in the capital of the company at the start of the performance period. If Mr Pynenburg does not meet the performance thresholds, he will only be entitled to his gross annual base fee.

The actual financial and non-financial performance thresholds will be set by the Supervisory Board annually taking into account the strategy of the company reflecting the company's long term interests. As such, these thresholds are closely linked to enhancing the sustainable performance of the company and long-term value creation.
